10 December 1955

MEMORANDUM FOR : Project Director  
FROM : Contracting Officer  
SUBJECT : Additional Items for Agenda

1. Specific Supplier Problems:

a. Ramo-Wooldridge

- (1) Arrangements to make a modified (by Lockheed) C-47 available to Burt by December 15, 1955. Burt will need the C-47 at International Airport to make the necessary installation of gear.
- (2) Establishment of ground support requirements by Commo (base duplicating equipment, analysis systems, trailer, etc.)
- (3) Additional space for R-W.
- (4) Antenna farm for systems testing.
- (5) Tape procurement for Project by R-W.
- (6) Small motor procurement problem.
- (7) Initiate procurement of long lead-time components of System 2-Commo.

b. Lockheed

- (1) Modify C-47 for R-W use.
- (2) Training and furnishing of auto-pilot mechanics.
- (3) Firemen
- (4) Disposal of AEC-12 radios.
- (5) Shuttle transportation problems
- (6) Coordination with Baird on their System 1

f. Baird

- (1) Coordination with Lockheed on installation
- (2) Schedule for Flight-testing System 1.
- (3) Results of Burley's observation of stars at 40,000 feet.

2. General Items

- (1) Need for all suppliers to furnish us photographs for our records.
- (2) Need for periodic progress reports for our information and records. Progress reporting has been spotty.
- (3) A-2-V Procurement as it may effect our suppliers in the future.
- (4) AP procurement as it may effect our suppliers in the future.
- (5) Need for periodic reporting on delivery date changes which occur.
